

Projet de fabrication de marionnettes d'invertébrés

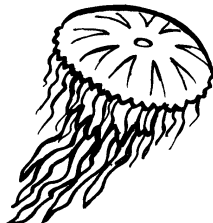

1. Colorier les deux dessins de l'invertébré.
2. Découper les dessins en suivant la ligne.
3. À l'aide de colle et d'un petit bâton de bois, fixer les deux dessins dos à dos en emprisonnant le bâton au centre.

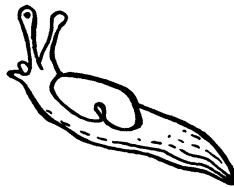

Invertébrés proposés

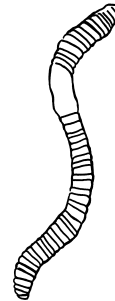

éponge

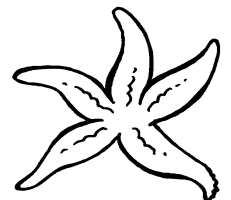

méduse

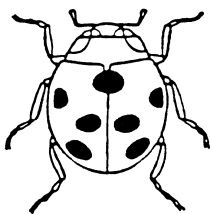

limace

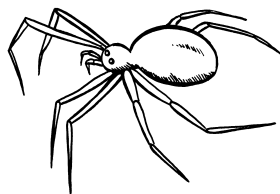

ver de terre

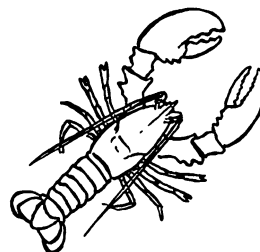

étoile de mer

coccinelle

araignée

homard

mille-pattes
